

MIMOS
ACADEMY

MIMOS Associates Company

MIMOS ACADEMY SDN. BHD.

Company Overview

Our Vision

To be Malaysia's premier technology learning institution, driving national digital sovereignty by empowering professionals and organizations with future-ready digital competencies

Our Mission

To deliver high-impact upskilling and reskilling programs across the public and private sectors by converting advanced technology trends into sustainable, industry-aligned learning portfolios.

About Us

MIMOS Academy is a leading capability development and technology solutions provider that leverages MIMOS' strong R&D foundation to deliver professional training, tech consultancy and talent solutions across critical sectors like AI, semiconductors, E&E and sustainability, bridging the gap between talent and technology through strategic government, industry and academic partnerships to accelerate Malaysia's high-tech and digital economy.

Purpose

To strengthen Malaysia's high-tech ecosystem by developing industry-ready talent, advancing workforce capabilities and supporting national innovation and economic growth.

Why

Economic Acceleration

To drive Malaysia's transition into a high-income, innovation-led economy.

Workforce Future Proofing

To equip local talent with highly competitive, global tech skills.

Innovation Commercialisation

To bridge the gap between advanced R&D and real-world industrial application.

The Mandate

High-Tech Capability Development

Spearheading national capacity building in emerging technologies.

National Digital Transformation

Driving systemic digital adoption across industries and public sectors.

Deep-Tech Skills Bridge

Overcoming talent shortages through targeted upskilling, industry collaboration, and applied research training.

Locations, Stakeholders, Human Capital

Human Capital

Stakeholders

- Government of Malaysia
- Industry – E&E, ICT, Semiconductor
- Research Institutions
- Higher Learning Institutions Partners & Collaborators – TVET, MARA
- SMEs
- Public

Main: Technology & Innovation Park Malaysia Campus

Branch: Kulim Hi-Tech Park Campus

Mandates:

○ 2024:

- *Establishment of MIMOS Academy as MIMOS Berhad's strategic initiative to strengthen technology talent development through structured training, upskilling and competency development programmes in strategic technology areas. MIMOS Academy was officially launched by **YB Chang Lih Kang, the Minister of Science, Technology and Innovation (MOSTI)** at the time, as part of the national agenda to enhance digital and technology capabilities.*

○ 2025:

- *Strategic enhancement of MIMOS Academy through the establishment of an independent operating model to strengthen its delivery capabilities, expand strategic partnerships and enhance its role as a high-impact technology talent development platform.*

○ October – December 2025:

- *Approval for the establishment of MIMOS Academy as a corporate entity under the MIMOS Group governance framework, enabling a more sustainable business model through strategic collaboration and partnership.*

○ 18 June 2026 :

- *Execution of the Joint Venture Agreement between MIMOS Holdings Sdn. Bhd. and KRIMS Venture Sdn Bhd to further strengthen capabilities in technology training, talent development and consultancy services.*

○ 22 June 2026 :

- *Incorporation of MIMOS Academy Sdn. Bhd. as an independent entity to drive technology talent development, professional training and capability-building initiatives in support of Malaysia's digital transformation agenda.*

Key Messages:

Established in 2024 as MIMOS' **strategic technology talent development initiative**, MIMOS Academy has evolved into a **dedicated entity to deliver high-impact training, consultancy, project management, advisory and related services**. Through strategic partnerships and market-driven offerings, MIMOS Academy is mandated to expand income-generating opportunities, accelerate go-to-market (GTM) initiatives, strengthen industry engagement, and progress towards long-term operational self-sustainability.

Core Business Prospect & Value Proposition

1

Training

Training Vertical	Target Market	Unique Value Proposition
AI Training & Consultancy	Corporate, data scientists, public & private sector, and developers.	Modules by AI practitioner, covering AI for Productivity, ethical AI deployment etc.
Semiconductor Training	Engineers, technicians, and managers in the E&E sector.	Practical skills in IC design, fabless ecosystems, advanced packaging, and microchip testing.
Halal & ESG Training	Corporate strategists, compliance officers, and finance teams.	Integrating technology governance with Halal compliance and Environmental, Social, and Governance (ESG) frameworks.
MIMOS & other Training (E&E, decarbonisation)	Customized upskilling for MIMOS personnel and related government bodies.	Internal capacity building ensuring high standards across the group.
PMP (Project Management)	Mid-to-senior managers and technical leads.	Globally recognized PMP certification preparation, enhanced with technology project case studies.

2

Consultancy

Consultancy Vertical	Description
Project Management/ Agile	Agile transformation, PMO setup, and complex technology project oversight.
ESG & Sustainability Audit	Conduct carbon baseline assessment. Technical auditing of supply chains and operations against global ESG metrics.
AI/Digital Transformation Audit, ISO Audit	Assessing organizational readiness for AI adoption and auditing current digital infrastructure effectiveness, ISO

3

Manage Services

Seminar, Workshop, Conference	Facilitate knowledge sharing and content-driven programmes to support learning and industry engagement.
--------------------------------------	---

Core Focus Area

Value Proposition

Strategic & National Foundation

National R&D Backing

Backed by Malaysia's national R&D centre with deep technology domain expertise.

Industry & Government Collaboration

Strong partnerships ensure all programmes remain relevant and impactful for the nation.

The Practical Learning Experience

Hands-on, Industry-Driven Training

Practical learning using real-world tools, case studies, and industry applications.

Access to Advanced Facilities

Exclusive exposure to MIMOS labs, including semiconductor and analytical facilities.

Expert Trainers

All programmes are delivered by experienced industry practitioners and subject matter experts.

Training Approach

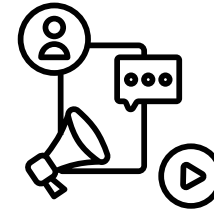

MIMOS Academy adopts a practical and application-driven learning approach, combining:

Our Branding & Marketing Strategy

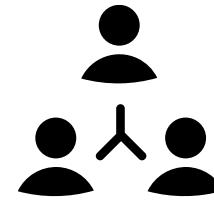

**Digital marketing &
online listings**

**Social media
promotion**

**Direct client
engagement**

**Strategic
partnerships**

Clients and Collaborations

Key Performance Indicator (KPIs)

RM3.6M

Financial Revenue

Accelerate revenue growth and enhance profitability towards establishing MIMOS Academy as a self-sustaining entity.

Organisational Capacity

Execute initiatives to enhance MIMOS Academy's brand visibility and credibility, while driving employee engagement, accountability, and readiness to support MIMOS' self-sustainability goals.

>2000

Build Future Talent

Establish MIMOS Academy as the National R&D, Semiconductor and AI talent development

>700

Bumiputera Empowerment

To develop Bumiputera talent by bridging competency gaps and equipping them with skills aligned to industry requirements

YTD Achievement on talent development:

- **1,878** talents trained through MIMOS Academy programmes
- More than **700** Bumiputera talents developed through targeted training initiatives
